## Herter Blast at Cuba Boils Hatred of U.S.

By ROBERT BERRELLEZ  
HAVANA (AP) — Anti-American feeling boiled to a new high in Cuba today. It was expected to get even worse in the wake of Secretary of State Christian A. Herter's denunciation of Fidel Castro.

There was no immediate official reaction to Herter's censure, but officials privately predicted U.S. Charge d'Affaires Daniel Braddock might be summoned before Foreign Minister Raul Roa for a similar tongue lashing.

Herter Monday termed as "ing" Castro's implication that the "baseless, erroneous and misleading" U.S. government was responsible for the series of explosions that ripped the French munitions ship *La Coubre* in Havana harbor Friday.

Commentators on the government television station reported the U.S. secretary's remarks mockingly.

Word of Herter's angry response came from Washington amid these developments:

Officially identified bodies of the *La Coubre* blast victims mounted to 52. Many dead were still unidentified. At least a score of persons were critically injured.

Don Chapman, of North Bend, Neb., 26-year-old passenger aboard the freighter, finally flew to Miami after a two-hour airport detention that followed his release from a 72-hour grilling.

The free-lance photographer was taken off a Miami-bound plane minutes before it departed and held at the airport but was released in time to catch the next plane. He told newsmen Cuban officials accused him at the last minute of being in Cuba on Jan. 1, 1959, when Castro took power. He insisted he had never been in Cuba before.

Cuba's 181 sugar mills were ordered to sound their whistles for one hour Monday night in protest.

## Warmer Weather Promised Tonight

By THE ASSOCIATED PRESS  
The weatherman promises warmer temperatures tonight and tomorrow but a threat of thunderstorms also is included in the forecast.

Highs of 45 to 50 today should help clear the remaining snow and ice off the highways. Expected lows tonight are 35 to 45 around the state.

The morning low temperatures today ranged from 26 at Walnut Ridge and Memphis to 30 at Texarkana for the 24 hours ending at 6 a.m. today.

A trace of precipitation was reported at Walnut Ridge, Little Rock, Pine Bluff, Fayetteville and Texarkana for the 24 hours ending at 6 a.m. today.

## N. Hampshire Vote May Tip National Trend

By BELMAN MORIN

CONCORD, N.H. (AP) — The farflung, intricate mechanics of choosing a president of the United States reached the ballot box stage today when New Hampshire voters went to the polls in the nation's first presidential primary of 1960.

Voting places generally open at 7 a.m. and in the cities close as late as 8 p.m.

The forecast of clear weather, town meetings and an angry last-minute clash brought estimates of a total vote of more than 100,000.

That is only a handful by comparison with the millions of ballots still to be cast in forthcoming primaries. But politically, New Hampshire is a midweight in a heavyweight's punch.

Today's election brings the first actual indication of voter sentiment into the presidential outlook, as distinct from polls, straw votes, and the calculated optimism of politicians.

Indirectly, it pitted Republican Vice President Richard M. Nixon against Democratic Sen. John F. Kennedy of Massachusetts.

Both stressed the importance of the New Hampshire primary on voters all over the nation—precisely because it is the first.

Nixon, in an election eve radio broadcast, said the primary "had tremendous impact on the nominees of both parties in 1952 and in my case in 1956." Kennedy, pleading for a big Democratic vote, said the results today will powerfully affect the nominating convention in Los Angeles in July.

The 11th hour flurry of angry charges and sizzling retorts put some political paprika into what has been a largely flavorless campaign. It involved Nixon, Kennedy and New Hampshire's Gov. Wesley Powell. Powell is chairman of the Nixon for President Committee in New Hampshire.

Powell set the sparks flying by asserting that Kennedy was "soft toward communism." Kennedy called that a smear and said he believed Nixon would repudiate Powell.

There are five potential significances in the balloting today.

1. The total votes cast for Nixon and Kennedy in their respective primaries—with the 1956 primary as a yardstick.

Powell predicts that Nixon will exceed President Eisenhower's performance. The total cast for Eisenhower four years ago was 56,404. Kennedy declined to stimulate his vote. Some of his lieutenants, however, predicted that he would roll up more than 30,000 votes. Sen. Estes Kefauver (D-Conn.)

## City Purchases Before Court

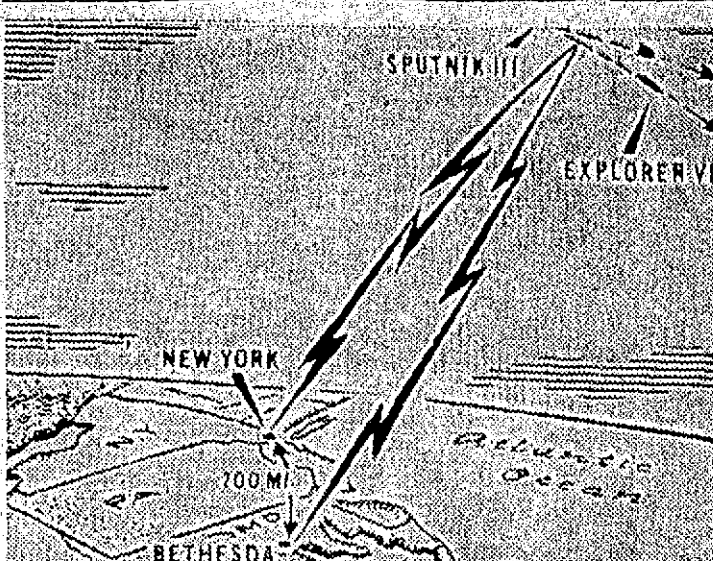

LITTLE ROCK (AP) — The Arkansas Supreme Court has taken under submission the litigation between Cecil U. Edmonds and West Memphis city officials over municipal purchasing practices.

It was the latest step in a long war between Edmonds and the city of West Memphis.

The court could hand down a ruling as early as next Monday. Edmonds brought suit against Mayor Howell B. Price, Treasurer Fred Owen and the eight West Memphis aldermen. Chancellor Lee Ward granted Edmonds' petition for a permanent injunction against the defendants purchasing or contracting for purchases with firms in which they have an interest.

But Ward refused Edmonds' plea for recovery of municipal funds he said had been improperly spent in such purchases over a period of several years.

At a hearing yesterday the Supreme Court indicated that the question to be determined in the legal fight is to what extent members of a city council may do business with firms in which they have an interest.

SUCCESSFUL — Two 17-year-old ham radio operators, Perry Klein, left, of Bethesda, Md., a senior at Bethesda-Chevy Chase High School, and Raphael Seifer of New York City, a Massachusetts Institute of Technology freshman, have reported what may be the world's first successful two-way radio communication with signals bounced off artificial satellites. Their moment of contact between New York and Bethesda, 200 miles away, came early March 6, when the U.S. Explorer VII and Russia's Sputnik III were in low orbit and passing at almost the same distance over the Atlantic coast.

## Highway Department Asks For Airport Land for County Maintenance Headquarters

An official of the Arkansas Highway Department, Engineer J. J. Lauder, asked the city to assign four acres of the airport property to the state for use as a county maintenance headquarters by the Highway Department.

The City Directors readily agreed pending approval of the Federal Aeronautics Association. The four acres is located in a corner of the property and would not interfere with airport operations.

The Director also went over the proposed health center floor plan with the building committee. The health center building, a joint city-county undertaking, will be constructed on the courthouse square, back of the Armory.

The University of Arkansas Planning Division allocated \$3,300 in federal assistance for the next phase of a city planning program. The matter was turned over to the Planning Board for action.

## Youth of 17 Admits 7th Slaying Spree

WEST PALM BEACH, Fla. (AP) — Seventeen-year-old Dennis Whitney has admitted his seventh slaying in his coast-to-coast murder spree.

The red-haired boy said Monday he killed two men in Phoenix, Arizona. Previously he had confessed to one.

Detective Warren D. Holmes, a lie detector expert, said "there may be more killings. This boy won't admit anything until confronted with the evidence."

Sheriff John Kirk said Whitney told him he fired a .22 slug into the brain of a "Phoenix bum" in an abandoned bus in a parking lot. Phoenix police said the victim was Ira Lee Hardison, 55, a skid row character.

Apparently he was killed Feb. 21, the same day Whitney killed another Phoenix man, Spencer Frazier, 40, Negro, and stole his car.

Whitney, who shot a Hialeah housewife to death last Friday, earlier had killed two Dade (Miami) County gas station attendants and wounded a third in holdups, police said.

The day after his capture he admitted a slaying in Victorville, Calif., the killing of Frazier, and a slaying in Tucson, Ariz. The string of murders started Feb. 12.

In Los Angeles, the boy's father, Ralph Whitney, described Dennis as a quiet boy whose main interest was art.

"I don't know what to think. I have no idea why he would do it," said Whitney, an inspector in the Curtis-Wright engine overhaul plant at North Hollywood.

## Train Collides With Car, 7 Children Killed

BERLIN, Conn. (AP) — A passenger train collided with a station wagon today, killing seven school children and an adult.

The automobile, carrying the children and a woman driver, was hurled into Silver Lake, an ice-encrusted five-foot-deep pond beside Norton Lane.

Police tentatively identified the dead as Mrs. Emily Whitaker of Berlin and seven state wards, all Negroes. At least three of the bodies were held by the submerged wreckage in the pond. Skin divers were called.

None of the passengers aboard the train—the New Haven Railroad's No. 97 bound from Springfield, Mass., to New York—was injured.

The accident occurred at an unprotected grade crossing on Norton Lane, just off the Wilbur Cross Parkway, on a roadway covered with half an inch of snow.

It was near the home of Mrs. Whitaker and her husband, John, who were cited by the Catholic Transcript in 1957 for their care of foster school children.

In 14 years they had cared for 16 foster children.

Mrs. Whitaker was taking the seven children to St. Paul's School in Kensington.

The crash killed some of the car's occupants. Police reports indicated the others may have died under water.

BERLIN, Conn. (AP) — Eight persons were killed today when a passenger train collided with a station wagon.

The train hurled the station wagon, loaded with seven children and a woman, into a five-foot-deep lake beside the unprotected grade crossing on quiet Norton Lane.

Police reports first said three persons were dead and five unaccounted for. A few minutes later the New Haven Railroad reported that eight persons had been killed, all occupants of the automobile.

Apparently the children were being driven to school when the New Haven Railroad's train No. 97, bound from Springfield, Mass., to New York, crashed into the station wagon.

The accident occurred at 8:33 a.m. at the border of Silver Lake, a body of water in the area of the Meriden-Berlin border.

The dead were not identified immediately. None of the train passengers was reported hurt.

State police immediately issued an emergency call for all of its skin divers to come to the scene to try to pull bodies from the submerged station wagon.

## Warrant Issued for Return of Two

LITTLE ROCK (AP) — Two detectives today obtained a governor's warrant for return to Rockford, Ill., of two men charged with grand larceny.

The men, held in jail at Walnut Ridge were listed as John Bookout and Harold Moore.

Rockford Detectives Delbert Peterson and Rover Prentice said the men, natives of the Hoxie area, were accused of theft of \$42 from John Stanton at Rockford in mid-January.

The detectives said Bookout and Moore waived extradition but that it was necessary under Illinois procedure to obtain a governor's warrant for the pair.

Parham said the board would not appeal Henley's order for the desegregation statement.

## Cold Spreads Across Wide Area in U.S.

By THE ASSOCIATED PRESS

Cold weather persisted across wide areas in the eastern half of the nation today but some warmer air appeared on the way.

Temperatures moderated in some areas east of the Rockies but generally unseasonable cold was the rule in most areas into the Southeast. Slowly rising temperatures were indicated for most of the central part of the country from the Gulf northward to the border.

It was below zero again this morning in parts of Wisconsin, Michigan, Minnesota, Illinois and Indiana. The mercury slipped far below seasonal levels in Kentucky, dropping to 9 above in Louisville. It was 26 above in Atlanta. Below zero readings were reported in a few higher elevations in Pennsylvania. Early morning low marks included -13 in Pellston, Mich., and Grantsburg, Wis.

Most of the East was chilly and snow flurries continued in the Northeast. Readings were mostly in the 20s and 30s.

The 40s and 50s prevailed across southern areas outside the cold belt in the Southeast and along the Pacific Coast. The Southwest had mild temperatures in the 60s and 70s.

Wet weather dampened wide areas in the West.

## Dollarway to File Policies With Court

PINE BLUFF, Ark. (AP) — The embattled Dollarway School Board will file a court statement of its policies on desegregation sometime this week.

School Board President Leo Parham made this announcement last night after a board meeting.

On Feb. 19, Federal Judge J. Smith Henley gave the board a 30-day deadline to file affirmative statements of its desegregation policies.

Parham told newsmen not to class the board's reply as a "desegregation plan." He said the statement would not be made public until it is filed.

In his February ruling, Henley declined to order the Dollarway board to admit three Negro students involved in an integration suit.

The Negroes are appealing this part of the ruling to the Eighth U. S. Circuit Court of Appeals at St. Louis. They have asked that their appeal be advanced on the appellate court docket, and a hearing on this request is scheduled at St. Louis Monday.

At the school board meeting, this action by the Negroes was discussed. Board attorney Herschel Brantley said later that the board authorized filing of a cross-appeal in order to raise the question of whether the appellate court has jurisdiction over the Negroes' complaint.

Parham said the board would not appeal Henley's order for the desegregation statement.

INSPECTOR — Nine-year-old Rickey Juergens is shown in his specially tailored pint size lieutenant's uniform, complete with gold braided hat, unit insignia, swagger stick and a row of ribbons, which he wore at his own "inspection" of troops in Frankfurt, Germany under the command of his father, Col. K. E. Juergens. He is shown at the time of the inspection. The Army is investigating the incident.

## March 22 Set for Pupil Law Hearing

LITTLE ROCK (AP) — Federal Judge John E. Miller has set a March 22 hearing on the Little Rock School Board's use of the Arkansas pupil placement law in assigning Negro high school students.

The hearing will be held in federal District Court here.

The attorney for 17 Negro students seeking reassignment to predominantly white high schools yesterday posed in federal court seven questions about operation of the placement law.

Wiley A. Branton, Pine Bluff Negro attorney, in effect contended that assignments should be made on basis of attendance areas only.

He filed a motion in district court last Aug. 8, 1959, setting forth this contention.

Judge Miller set the hearing to consider this motion.

Sixty Negroes applied last summer for admission to Central, Hall and Technical High Schools. Using the placement law, the board assigned eight of them to Central and Hall and the rest to all-Negro Horace Mann High School.

Branton directed his seven questions about the placement law to the school board. He requested answers within 15 days. Branton already had inspected board records relating to assignments.

The attorney took depositions from school board members about a month ago in preparation for the hearing.

## Lineman Killed By a Hot Wire

MAGNOLIA, Ark. (AP) — A lineman was killed yesterday while repairing storm-damaged Arkansas Power & Light Co. lines near here.

He was Claude Victor Williams, 31, of Malvern. Company officials said he apparently died of electric shock and a 35-foot fall from a pole.

Williams was one of several hired extra linemen sent into South Arkansas to speed repairs on power lines damaged in an ice storm last week.

He was working near the top of a pole when the accident occurred. Company officials said it was the first accident to any of the 900 linemen repairing the damaged lines.

## Former Mayor of Trumann Dies

TRUMMAN, Ark. (AP) — Services will be held tomorrow for Lyman Clinton Browne, former Mayor of Trumann, who died Sunday night in a Jonesboro hospital. He was 61.

Browne had served nine terms as mayor between 1937 and 1956. He moved to Trumann from Memphis in 1917.

## Texas Wants to Vote on Rights Legislation

WASHINGTON (AP) — Democratic Leader Lyndon B. Johnson of Texas offered today to convene round-the-clock sessions of the Senate if Southerners will agree to a series of votes on civil rights legislation.

Johnson, in a bristling exchange with Sen. Spessard L. Holland (D-Tex.), denied he was trying to wear down Dixie senators or was risking their health and lives by the continuous sessions.

He predicted that eventually—forty of the Senate will force a he would not guess when—a majority on the controversial issues.

At 4 o'clock this morning Johnson had put over on a 53-4 roll call, a seven-minute adjournment of the Senate which had been in practically continuous session except for Sunday since the previous Monday.

Johnson said at the time he was serving notice on absentee senators that business issues might come up at any time.

But Holland interpreted the action as amounting to "throwing in the sponge" by Johnson and Republican Leader Everett M. Dirksen of Illinois.

"We are getting nowhere," Holland taunted Johnson, adding that supporters of civil rights legislation could not even agree upon what bill they wanted.

If they could, they would vote to limit debate by cloture, a move requiring 67 senators' approval of all 100 votes.

The senator from Texas (Johnson) does not throw in the sponge," Johnson said grimly to Holland, adding that eventually the country will understand that a "few senators" are blocking a vote and a majority of the Senate will act.

Holland, white-haired former Florida judge, had begun a speech at 9:46 a. m. with a reminder that he had warned leaders that round-the-clock sessions were dangerous to the health and lives of senators, many of them past 60.

Johnson said supporters of the civil rights bill are not responsible for the quorum calls at odd times during the night and early morning.

He said he was ready for a vote on the pending amendment and would ask one if Holland would quit talking.

Holland rejected Johnson's invitation, saying he planned to speak several hours.

The parliamentary situation would make the amendment officially under consideration the earliest issue to bring to a quick trial.

That proposal, offered by Sen. Sam J. Ervin Jr. (D-NC) would cut down the penalties in the first section of the administration civil rights package sponsored by Dirksen.

During the early morning hours the filibusters had stepped up their attack on the sleep of civil rights advocates by demanding

The meeting will begin at 7:30 o'clock with refreshments being served at the end of the evening. All interested persons are cordially invited.

# THE BUSHWHACKERS

by FRANK GRUBER

By FRANK GRUBER

THE STORY: Phil Bokker and Paul Shay had Pawnee City, Kan., a roaring frontier town in 1869. They get a room together at the hotel and also find quarters for Ruth Compton, a young woman they met on the trail.

## Chapter 14

Bokker deposited Ruth's bag on the floor, nodded and walked down the hall. Shay followed closely. Their own room was No. 11. It was nine by six feet, with a narrow bed and washstand. It contained no chair.

Shay looked at the bed. "It's a good thing neither of us is fat or we'd never make it."

Both men took off their coats and rolled up their sleeves. Shay poured water from the pitcher into the bowl and began to wash his hands.

"What do you think of the little lady, Phil?"

"I think she ought to start back for Ohio tomorrow morning."

Shay chuckled. "I'll admit that I don't think Pawnee City's the place for her, but don't forget she was handling herself very well with that mucker when you interrupted. He shook his head. "I've an idea that she's got more spunk than either of us realize."

"You like her, Paul?"

Shay, splashing water on his face, did not reply until he reached for the single towel. "I like her yes," he paused. "You?"

"You?"

"I'm not going to fall in love with any woman," Bokker replied promptly. "Not until I get my life straightened out."

"That may take a while, Phil," Shay said thoughtfully. "I've been thinking about your problem all day..." He grinned faintly.

"Yes, while I was chattering. Suppose you find MacDonall, Pierson and Fletcher Trow? What then?"

"They know the name of the man who was with them in Lawrence."

"Did Bill Grayson tell you?"

Bokker's eyes narrowed. Shay

held up a cautioning hand. "I'm just trying to put the worst light on it, Phil. To show you what you're up against. You're a civilized man. Quantrell and his bushwhackers were savages. Cut-throats and murderers."

"Not all of them," replied Bokker. "A former circuit judge rode with them. At least two men who'd been preachers."

"One preacher stayed in Lawrence," said Shay, his lips curling in contempt. "The Rev. Alonzo Skaggs. They dragged his body up and down the street and finally set it on fire."

"I'm writing no brief on behalf of the guerrillas," Bokker said evenly. "I've more reason to hate them than most. But I also know what some Union men did who plundered with Jennison and Anthony — and Jim Lane. They were fighting the war back there in '54. But the sacking of Lawrence was arson and murder. No one can condone it. That's why I've got to clear myself; because the picture of me in that old magazine shows a man who was one of the worst of the guerrillas, a killer who murdered a man in cold blood. I've got to find that man — and clear myself."

"Until then, you can't settle down," Shay said crookedly. "Fine, Phil, that leaves the field clear for me."

"Sometimes Paul," Bokker said testily, "you're a hard man to like."

"Nobody likes me," Shay said cheerfully. "And my employers are going to like me least of all if I don't raise that \$700 for them that I lost in the poker game. Come on, hurry up and get washed."

Bokker stepped to the washstand, then looked over his shoulder. "Are we in a hurry?"

"Yes."

"Why?"

Shay chuckled. "I told you I've got to raise that money. So I can buy some cattle and give the sellers earnest money."

"How do you figure to raise it?"

## Minister Launches Another Missile

BATIMORE (AP) — The Rev. George F. Packard, an Episcopal minister, has launched another space vehicle. He did it in church, just like the last time.

Two years ago, it was a cardboard "churchnik" rocket that zinged to the ceiling on rubber bands. Sunday, it was a six-foot papier mache model of the Mercury astronaut capsule which America's first space traveler will ride.

The blastoff occurred during the family service at St. Mary's Episcopal church, where the Rev. Mr. Packard is rector.

As two children pulled a rope strung through a pulley, the silver-colored capsule painted with three orange crosses moved up to the rafters of the church.

A couple of youngsters gasped. But there was not enough audible reaction from the congregation of 125 adults and children to disturb the decorum of the Lenten service.

The minister drew a parallel between the discipline and training required of the astronauts and the similar rigors required of Christians during the penitential season of Lent.

## Self Rule Hearing

LONDON (AP) — The British Colonial Office today opened a hearing on demands for self rule by Britain's only South American colony, British Guiana. Colonial Secretary Iain MacLeod said the purpose of the session is to determine whether Guianians should have "increasing responsibility for their own affairs."

"The same way I lost it," said Shay.

"Seems to me you're in deep enough now," Bokker said. "Don't make it worse."

They left the hotel and crossed the street to a restaurant run by a Chinese. They had a hearty supper.

When they came out of the cafe, it was getting dark outside. The street seemed more crowded than earlier. And it was noisier, if that were possible.

A cowboy came out of the hotel across the street. He ducked under the hitchrail, sprang upon a horse and whirling it onto the street, pulled out his revolver.

"Whoop - whoop - whoope!" he screamed at the top of his voice and emptied his six-shooter at the sky. He sent his horse galloping down the street, causing pedestrians to jump out of his way.

A lean man stood at the edge of the high wooden sidewalk and smoked a thin cigar placidly. He wore a vest on which was pinned a star.

Phil Shay pointed at the star. "You're the law?"

"Some of it," the man replied laconically.

"And you let a man shoot like that?"

"He wasn't hurtin' anybody."

"He might have, though."

"Then I'd a run him into the calaboose. Strangers in town, eh?"

"We arrived on the train this afternoon," Bokker said.

The law man nodded. "Pawnee City's a good town. A live town. Two things you can't do in Pawnee City. You can't kill anybody and you can't cheat in cards. Understand?"

"But anything else is all right?" Shay asked sarcastically.

"Up to a point, mister. Up to a point."

"This town has possibilities," Shay remarked cryptically, as he entered the hotel.

## Fireman Elect Officers

Members of the Prescott Fire Department held their regular dinner meeting at the Broadway Hotel Tuesday, March 1. The usual good food was served and a spirit of fellowship prevailed in spite of the sleet and snow on the outside. Bobby Whitmarsh led the invocation.

Chief Easterling called the meeting to order and asked Secretary Garrett to read the minutes of the February session. The Chief stated that four alarms were answered during February and two practices. Little property damage was caused by the fires.

The election of officers was next in order. A motion was made and seconded that the present officers serve for another year. The motion carried. The officers elected are J. T. Easterling, Chief; N. A. Peters, assistant chief; Hubert Willis and Foy Box, Captains. After discussing other matters the meeting adjourned until the April dinner.

## Convention Delegates to Be Named

WASHINGTON (AP) — The first delegates to the major party national conventions to be elected by direct vote of the people will be chosen Tuesday in New Hampshire.

But delegates with 51 votes in the 1,521-vote Democratic National Convention and 60 votes in the 1,331-vote Republican presidential nominating convocation already have been chosen by state conventions and committees.

Pledges and other known first-ballot preferences divide the 51 Democratic votes this way:

Sen. John F. Kennedy ... 2  
Sen. Hubert H. Humphrey ... 2  
Sen. Stuart Symington ... 1  
Adlai E. Stevenson ... 1  
Gov. George Docking, Kan. ... 1  
Uncommitted ... 23 1/2

All 60 full-vote Republican delegates so far named are lined up behind Vice President Richard M. Nixon; through endorsements by state convention or committee they are: North Carolina 28, Oklahoma 22 and Pennsylvania 10.

Associated Press polls show that among the Democratic delegates so far named — each with half a vote — Kennedy has one full vote each in Alaska and Pennsylvania; Humphrey has two votes in Alaska; Symington has 1 1/2 in Alaska; Stevenson has 1 in Pennsylvania; Docking, a favorite son, has Kansas' entire 21 votes pledged to him on the first ballot; 4 1/2 are uncommitted in Alaska, and 19 are unwilling to state a preference in Pennsylvania.

Cruiser Sails

NORFOLK, Va. (AP) — Beneath somber skies, the guided missile cruiser Canberra sailed today on an around-the-world cruise.

During its nine-month cruise the Canberra will play a part in President Eisenhower's people-to-people program and will operate with every major U. S. fleet.

Brown Fighting on

SACRAMENTO, Calif. (AP) — Gov. Edmund Brown was represented today as pledging a renewed fight in the 1961 California Legislature to outlaw capital punishment if the current session turns him down.

sHope has dwindled to near-zero on chances of repealing the death penalty this year. The issue has become emotionally entangled with the Caryl Chessman case.

The governor's office said Brown would make a strong pitch for abolition and that he would give it high priority in his 1961 legislative program.

Hope has dwindled to near zero until Monday.

NAACP in Meeting

DALLAS, Tex. (AP) — The National Assn. for the Advancement of Colored People opens a five-state conference today with Executive Secretary Roy Wilkins scheduled as the featured speaker.

The conference originally was scheduled at Texarkana last month. NAACP spokesmen said it was moved here because Dallas has better facilities.

Delegates from Arkansas, Louisiana, New Mexico, Oklahoma and Texas will attend the two-day meeting.

3 Children Perish

WATERFORD, Conn. (AP) — Three children perished early today when their isolated frame home burst into flames. Their parents and two other children escaped with their lives.

Dead were 18-month-old Dwight Race, his brother Theodore, 2 1/2, and his sister Alberta, 3 1/2.

Mrs. John G. Race and an in-

fant child were burned critically. Race, 55, and his 7-year-old son Johnny were not injured.

Druggist Succumbs

STUTTGART, Ark. (AP) — J. Howard Morpheu, 60, Stuttgart druggist, died at a hospital here today.

He was a former Arkansas County coroner, a former president of the Arkansas Pharmaceutical Assn., and a former member of the State Board of Pharmacy. Survivors include his widow, his mother, Mrs. L. H. Morpheu of Stuttgart; a daughter and a sister. Funeral and burial will be here Saturday.

Soviets Protest

MOSCOW (AP) — The Soviet government protested to West Germany today any plan to establish supply and training bases in Spain.

The protest was contained in a note handed to West German Ambassador Hans Kroll by Deputy Foreign Minister Valerian Zorin.

Contents of the note were not immediately disclosed, but Moscow called attention to public reports that the Germans were negotiating with Spain for supply and training bases and suggested some such activity would be a threat to peace.

## Wants Pay Raise for U.S. Workers

**NORTH LITTLE ROCK (AP)**—Rep. Dale Alford (D-Ark) told federal workers at a rally that he will keep trying to get a wage increase for them but that his efforts face barriers in Washington. Alford listed opposition to the increase by the administration, the current civil rights debate which is typing up congress and the vast sums spent on foreign aid as the roadblocks to federal wage earners getting a pay raise. About 350 federal employees and their families attended the meeting at the Armory in North Little Rock yesterday. Alford pledged to continue working for the wage increase and said his position on the House Post Office and Civil Services Committees would help his cause. Alford said it was a shame that so much money was being sent to tiny spots on the map while loyal Americans can not make a fair living.

## DOROTHY DIX

### Marriage Headed For The Rocks

Dear Dorothy Dix: My husband and I have agreed to ask for your advice. I'm 19 and he is 25. We have been married three years and have two children. For the first two years we seemed quite happy. This past year we do nothing but quarrel over silly things. He tells me I can leave—without the children. Even if it weren't for this fact, I don't want to leave him. We're separated a lot as it is, with him in the Army. We miss each other when we're separated.

We've tried to stop quarreling but things are worse instead of better. Would you please give us advice?—Confused  
Dear Confused: Quarreling is a habit. Don't get the habit or the habit will get you. Call a truce on all quarreling for one week and this means both of you. Live that week as if it were your last. Make every moment together count. Enjoy the children. Look up old friends. Go through the motions of being companionable. Have consideration for one another. Get the habit of happiness. Remember: the will to do is the power to do. Keep at it and your marriage will be a success instead of a failure. I'll be cheering for you both.

Dear Dorothy Dix: I am 21, fairly well established, and ready to settle down. My girl is 17 and claims she would rather go out with me than anyone else. But she tells me she could never love anyone until she is at least 21. I tell her I'll wait but she says she may never love me. What shall I do—forget about her or wait and hope?—Sincere  
Dear Sincere: If you really love

was arrested.  
Patrol Trooper Don Mentzer said he took Harry Theodore Jennings of Rodeo, Calif., into custody with out a fight. The youth was jailed here on an open charge.  
Police gave this account from statements:  
Miss Breen found an armed man hiding in the back of her car when she left church. He pulled a pistol and ordered her to drive west out of Fort Smith.  
At Muldrow, Okla., the abductor took the wheel. He turned off on a county road about six miles east of Sallisaw, stopped the car and ordered the girl to remove her clothing.  
She said he slapped her when she refused. Then, she told police, she got out of the car and ran to the farm home of H. T. Owens.  
The farmer telephoned authorities and Mentzer made the arrest after hearing a broadcast description of Miss Breen's car.  
Mentzer said Jennings was carrying a loaded revolver.  
Miss Breen is the daughter of Joseph Breen of Fort Smith.

**Third Candidate for Prosecutor**  
**LITTLEROCK (AP)**—Mitchell Moore of Osceola today became the third candidate for prosecutor in the Second Judicial District.  
Moore, an attorney, filed his corrupt practices pledge with Secretary of State C. G. Hall by mail.  
Earlier Gerald E. Pearson of Jonesboro and Gus Camp of Pigott had filed for the position now held by Terry Shell of Jonesboro.  
The district includes Clay, Greene, Craighead, Poinsett, Cross, Crittenden and Mississippi counties.

## Police Told Girl Was Kidnapped

**SALLISAW, Okla. (AP)**—An Arkansas girl told police she was abducted in her own car after leaving church at Fort Smith yesterday and drove into Oklahoma with a gun pointed at her.  
Pat Breen, 17, said she broke away from her captor and took shelter in a farm house. Soon after she notified police of the kidnapping, a 17-year-old California youth

## Politicians Will Always Go for Votes

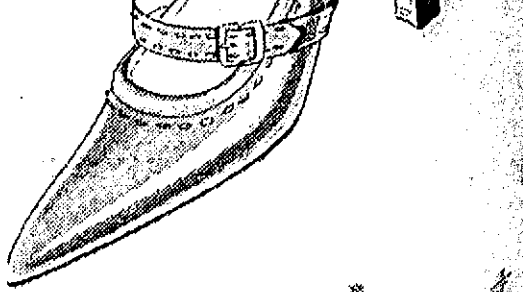

By JAMES MARLOW  
Associated Press News Analyst  
**WASHINGTON (AP)**—What happens to the white Southern politicians—now fighting civil rights legislation—when Negroes in the South finally are able to vote in large numbers?  
There is only one realistic answer. They will do exactly what their opposite numbers now do. Like the politicians from Northern areas with big Negro voting populations, the Southerners will scramble for the Negro vote.  
It is no accident that in Congress many of the most active advocates of civil rights legislation come from Northern centers where there are heavy concentrations of Negro voters.  
The old order of racial discrimination in the South will have to melt under pressure from both the rest of the nation and the rest of the world.  
As time passes the Negro will hold the balance of political power in many areas of the South. No politician can ignore it or fight it.  
The present Southern filibuster against civil rights, if it is not the last of its kind, may be close to the last, since more protection for Negroes and their rights is inevitable.  
The present filibuster seems to have little of the deadend bitterness of other years when Southern members of Congress had real hope of blocking a civil rights bill with their delaying tactics.  
The filibustering going on now is like some kind of gentlemen's agreement. Eighteen Southerners are doing the talking. The other 62 senators are waiting them out, patiently and gently. They have more than enough votes to ram through a civil rights bill of some kind.  
All the Southerners can hope is that their filibuster may get them a milder bill than if they didn't fight at all.  
Since whites still dominate Southern voting, all 18 filibustering Southerners know they must put up some kind of scrap if they hope to be re-elected when they run again.  
But the Southern white front of discrimination, even though still sturdy and active, is crumbling under the impact of events in this country and overseas.  
The Supreme Court, backed by the government and public opinion which has been antagonized by Southern extremists and lynchings, has led the way in forcing an end to discrimination.  
Overseas where colonialism has collapsed and one Negro nation after another is coming to life in Africa, racial barriers are breaking down fast.  
It is particularly embarrassing to the American government, which is appealing to backward people of all colors to keep away from communism, to have racial violence and discrimination in our own back yard.  
Southern treatment of Negroes has given the Communist world free ammunition to use against us.  
All these things, piling up, cannot help but erode the resistance of Southern whites to more equal treatment for Negroes and make the white South self-conscious of its conduct.

# U.S. Dream Is Having 2 of Everything

By HAL BOYLE  
NEW YORK (AP) — The great American dream today is to have two of everything.  
You aren't a success unless you have twin beds in your bedroom, at least two baths in your house, and a two-car garage.  
There are probably fellows now who even dream fondly of a splendid future in which they can afford a two-wife home.  
Mine, however, is a simple dream. All I pine for is a simple two-desk office. One desk is to work on—the other desk is simply to let things pile up on.  
One desk is to please the boss. The other desk is to please me.  
I get this feeling particularly about this period of the year, for now is the time when across the land thousands of memo-pads, Neros and file cabinet Caligulas issue a stern edict:  
"This office is getting to look like the city dump again. Everybody clean off his desk by Friday—or else."

These ten-penny ivories never say what the "or else" means. But the implied threat is that if you don't instantly make your desk look as clean as a baptismal font you will be strung up by your thumbs, drummed out of the regiment, or ridden out of the office on a rail.  
Actually, a clean desk is no true indication of either efficiency or real mental order. It is only a sign of conformity on the part of the desk's occupant. He hasn't cleared his desk for action. He has merely hidden the rubble where the boss can't see it.  
Look around you in your own office. Aren't the men with the neatest desks also the most neurotic employees in the place? Don't they also include most of the hypochondriacs, the chronic false-victim victims, and the fear-ridden decision dodgers?

It is also a business rule that most embezzlers—and potential embezzlers—are fastidious about their desks. In their case the neat desk is the sign of a guilty mind.  
On the other hand, show me a man who keeps a cluttered desk and I'll show you one of nature's noblemen—one who takes joy in his work, is gentle with his children, raises not his voice against his wife, and never, never, never kicks his dog around.  
A clean desk looks fine in a kindergarten. A clean desk in an office hides more from the boss than it tells him. A smart boss, suspicious—or should be—of an employee who spends too much time polishing apples, his desk or his fingernails.

## N. Hampshire

Continued from Page One

Tenn. received 21,701 in 1956.  
2. The ratio of the totals rolled up by Nixon and Kennedy may demonstrate their respective voting popularity. Republicans normally outnumber Democrats by 2-1 or more in New Hampshire elections.  
3. Delegates are running favorable to New York's Gov. Nelson A. Rockefeller on the Republican ballot and to Sen. Stuart Symington (D-Mo.) in the Democratic contest. Rockefeller did not enter the GOP race. Symington has not declared himself a candidate. If delegates favorable to either man should defeat the Nixon and Kennedy candidates, political analysts will have something to talk about.  
4. There has been no organized effort to establish a write-in for Rockefeller in the Republican "beauty contest" section of the ballot. Since he did not enter the race, his name is not printed there. Nevertheless, New Hampshire observers report that strong sentiment exists for him in several communities and said it would be reflected in several thousand write-in votes.  
5. Kennedy's opposition in the Democratic primary is Paul C. Fisher, Chicago Manufacturer. Fisher has campaigned hard and reported expenditures only slightly less than those spent for Nixon.

**Korean Town Gutted**  
RANGOON, Burma (AP)—Fire has wiped out more than half the town of Yandoun, 60 miles north of Rangoon. Damage was estimated at six million dollars, reports reaching here said today. The blaze raged all day Saturday in the trading center. About 5,000 people, half the population, were made homeless.

## Education Group Adopts New Goal

LITTLE ROCK (AP)—The policy-making Council of the Arkansas Education Assn. Saturday adopted a goal of securing from the 1967 Legislature an amendment to increase state revenues for public education.  
The Council voted to seek an amendment to the revenue Stabilization Act which would allocate to the public school fund at least 62.2 per cent of all general revenues above the \$3 million dollars apportioned under the act.  
An equitable share of this would go to the University of Arkansas and the state colleges.  
The Council also authorized the AEA Board of Directors to initiate a constitutional amendment which would limit appeals of utilities and common carriers from their tax assessments. "This may be done if the board thinks it advisable."

## Paar Is Back, Immediately Is Censored

NEW YORK (AP)—Jack Paar made a triumphant return to his NBC television show Monday night. Within an hour the tart-tongued comedian had talked himself into censorship again.  
On Feb. 11, Paar walked off the show after the network had cut almost five minutes out of a taped broadcast without notifying him. The matter eliminated was a joke which NBC said was in bad taste. Shortly thereafter, Paar and NBC officials made peace.

Two network vice presidents were on hand Monday night and conferred with Paar immediately after the show was taped. An hour later, the network announced Paar had "agreed to the omission of a brief personal reference."  
When the tape was broadcast, it was evident shortly after midnight that the brief personal reference was a 10-word reference to columnist Walter Winchell made during a vitriolic attack on the press, and the Hearst newspapers in particular.  
Hundreds of Paar fans turned up at NBC to welcome back their hero.

Some wore "Welcome Back Jack" buttons and carried placards. Paar himself seemed touched and pleased, and explained his walkout as a "tantrum" and "childish."  
"But I will still raise more hell in TV when almost anybody else in it," he promised—and he soon was doing exactly that.

By CYNTHIA LOWRY  
AP TV-Radio Writer  
NEW YORK (AP)—Jack Paar, after a three-week vacation, returned to his NBC evening show Monday night—and promptly got himself censored again.

This time, however, two vice presidents reached the fiery comedian a few minutes after he had finished taping his show. Almost an hour later the network announced that "Jack Paar has agreed to the omission of a brief personal reference."  
The first hour of the show was devoted by Paar to explaining what he called his "childish action," and "tantrum." He picked up his running battles with some members of the press, and the censored line—10 words—came in a bitter attack on columnist Walter Winchell.

Once the fireworks were over—shortly after midnight—things more or less settled down to routine Paar. But it looks as if we're in for more sleepless nights.  
Keefe Brasselle, the versatile actor-singer-dancer recently put under CBS contract, has inherited George de Witt's spot on Wednesday night's musical variety show, "Be Our Guest." He starts March 16—with Mary Ann Mobley, the 1959 Miss America, back in the show's second spot.  
Mary Ann announced last week she was let out of the show, and blamed De Witt. Then De Witt said he'd lie to quit the show. CBS apparently took him at his word—but he showed up at rehearsals this week with his lawyer. He has seven more weeks on his contract.

Recommended tonight: "The Swingin' Singin' Years," NBC, 8:30-9:30—musical variety with Jo Stafford, Vaughn Monroe, Woody Herman, Charlie Barnett, Stan Kenton and Louis Jourdan

## Herter Blasts at Translates Words Used In South

Continued from Page One  
against a proposed U.S. bill to restrict Cuba's preferential sugar quota.  
Unconfirmed reports said an unidentified plane coming from the north dropped fire bombs on a sugar plantation in Pinar del Rio province, burning more than 3,000 tons of sugar cane.  
WASHINGTON (AP) — In blunt language rarely heard in the polite world of diplomacy, the United States has accused Cuban Prime Minister Fidel Castro of "extreme provocation" and "irresponsible" charges against this country.

The angry protest was in answer to Castro's accusation Saturday that U.S. officials may have been responsible for the deadly dealing explosion of a European munitions shipment March 4 in Havana harbor.  
Secretary of State Christian A. Herter called this "baseless, erroneous and misleading."  
Herter delivered the dressing down personally to the Cuban charge d'affaires, Enrique Patterson, and immediately made the text of his remarks available to newsmen.

The Cuban, clearly upset by the 20-minute session in Herter's office, left the State Department hurriedly. He said he would report Herter's statement to Castro without comment.  
Herter wound up his statement by saying: "This government finds itself increasingly obliged to question the good faith of your excellency's government with respect to a desire for improved relations between our governments."  
In Havana, Cuban TV commentators read Herter's remarks on the air in mocking tones, snuffing at certain passages and then adding the editorial comment that the United States is an aggressor.  
One source of friction was removed when Cuban police removed Donald Chapman, 26, an American photographer who had mood has gone beyond irritation taken passage on the French freighter that blew up Chapman. One official said: "We have been questioned for days, but tried to show patience in our relationships with Cuba, despite a series of great provocations, but we are not going to sit back and take things like this."

## Watchman Found Shot to Death

MALVERN, ARK. (AP) — A nightwatchman was found shot to death in a boiler room of a lumber company yesterday, but police discounted robbery as the motive.  
An air of mystery surrounded the death of Muri E. Patrick, 53, of nearby Oak Grove. His pistol and wallet were missing but nothing was taken from the Hot Spring County Lumber Co. where he was employed.  
Patrick was shot three times at close range with a .410 gauge shotgun, police said. He had barricaded himself in the boiler room.  
Police Chief Bill Funk said the body was found early yesterday by Webster Johnson, another watchman who was Patrick's relief.  
The dead man's shattered watch had stopped at 1:39 a.m.  
Funk said several persons were questioned but no arrests had been made.  
Survivors include Patrick's widow and two children.

Earlier, Johnson said he was appraising the controversy hour by hour and expressed hope for some vote to clear the air.  
Sen. Richard B. Russell (D-Ga.), principal Dixie strategist, made it clear civil rights advocates would have to force the issue.  
Russell anticipated the initial move would be to table, and thereby kill, one of the 100-plus bills and amendments pending on opposite sides of the issue. A motion to table cannot be debated.  
That tactic could be used, perhaps today or Wednesday, on an amendment by Sen. Sam J. Ervin Jr. (D-NC) to reduce drastically the penalties set forth in the Eisenhower administration measure for trying to interfere with court rulings on school integration.

As introduced the measure would provide penalties up to \$10,000 fine or two years in jail or both for violations. Ervin purposes to cut these limits to a \$1,000 fine or one year in jail or both.  
Whatever sentiment the vote showed, the Southerners would be free to resume their extended debate after it was taken.

Earlier, Johnson said he was appraising the controversy hour by hour and expressed hope for some vote to clear the air.

Whatever sentiment the vote showed, the Southerners would be free to resume their extended debate after it was taken.

Russell said he understood Northern senators of both parties were considering a similar motion on a different proposal. "This one would empower the attorney general to initiate court action in any alleged violation of an individual's civil rights."  
Seeing no sign of a break, Russell added: "I don't know when they plan it—this week or next."  
How much bearing a vote on either question would have on the final showdown was open to dispute.

Republicans, encouraged by Vice President Richard M. Nixon, sampled opinion Monday among their own senators on stopping the oratory. They found it couldn't be done at present. Johnson is similarly convinced. He appears to want voting rights legislation passed without choking off debate.  
Two-thirds of the senators voting would have to support a cloture motion to make it effective. A maximum of 50 could be obtained now, according to reports on an informal canvass. Sixty-seven would be needed if all senators voted.

# Hope Tangles With Catholic High Today

BLITHEVILLE, Ark. (AP)—Arkansas's top basketball event begins a five-day run here today when Blitheville and Smackover clash in the first game of the Class AAA-AA state tournament.

Blitheville, seeded second, holds the spotlight in the first day's play. Top-seeded North Little Rock does not see action until the final round game tomorrow night.

Quarterfinals are set Thursday, semifinals Friday, and finals Saturday.

The Blitheville-Smackover test was set for 2 p.m. Springfield was paired with Little Rock Central at 3:20 p.m., Harrison faces Conway at 7:30 p.m., and Lenexa goes against Russellville at 8:50 p.m.

Tomorrow, third-seeded Little Rock Catholic plays Hope at 2 p.m., Fayetteville meets Fort Smith at 3:20 p.m., Jonesboro takes on Camden Fairview at 7:30 p.m., and North Little Rock meets Forrest City at 8:50 p.m.

Lenexa, the 2AA champion, is second-seeded North Little Rock is considered an odds-on choice to win the meet, but if the Wildcats should falter, any of the other 15 could rise to the occasion.

Blitheville has gone all out for the first state tournament in its history. Schools will be dismissed today for first round action and the 3,000-seat Blitheville field house is expected to be jammed when the hometown Chicks take the floor.

Blitheville, besides having been the runnerup in the Big Nine dependable shooters to bolster its tournament chances. They are Freddy White and Red Cobb. White 6-1, averaged 16 points over the season and Cobb, all state last year, averaged 10.

A luncheon for tournament coaches was set Thursday by the Chickasaw Athletic Club. The luncheon will be held at Blitheville Air Force Base, where teams will receive guided tours during the tournament.

North Little Rock is one of the teams expected to use the Air Base gym for a workout today.

The tournament field includes the top four finishers in the Big Nine (Class AAA) Conference and the top three teams from each Class AA district.

# Look At Record, Says Tiger Head

LAKELAND, Fla. (AP)—"Just look at the record," said Tim Ferrick today. "The Chicago White Sox won 35 games by the margin of one run. That's because they had Gerry Staley and Turk Lown."

The Detroit Tigers, on the other hand, led the American League in games lost by one run. They dropped 27 of them because their bullpen, from start to finish, was a major headache.

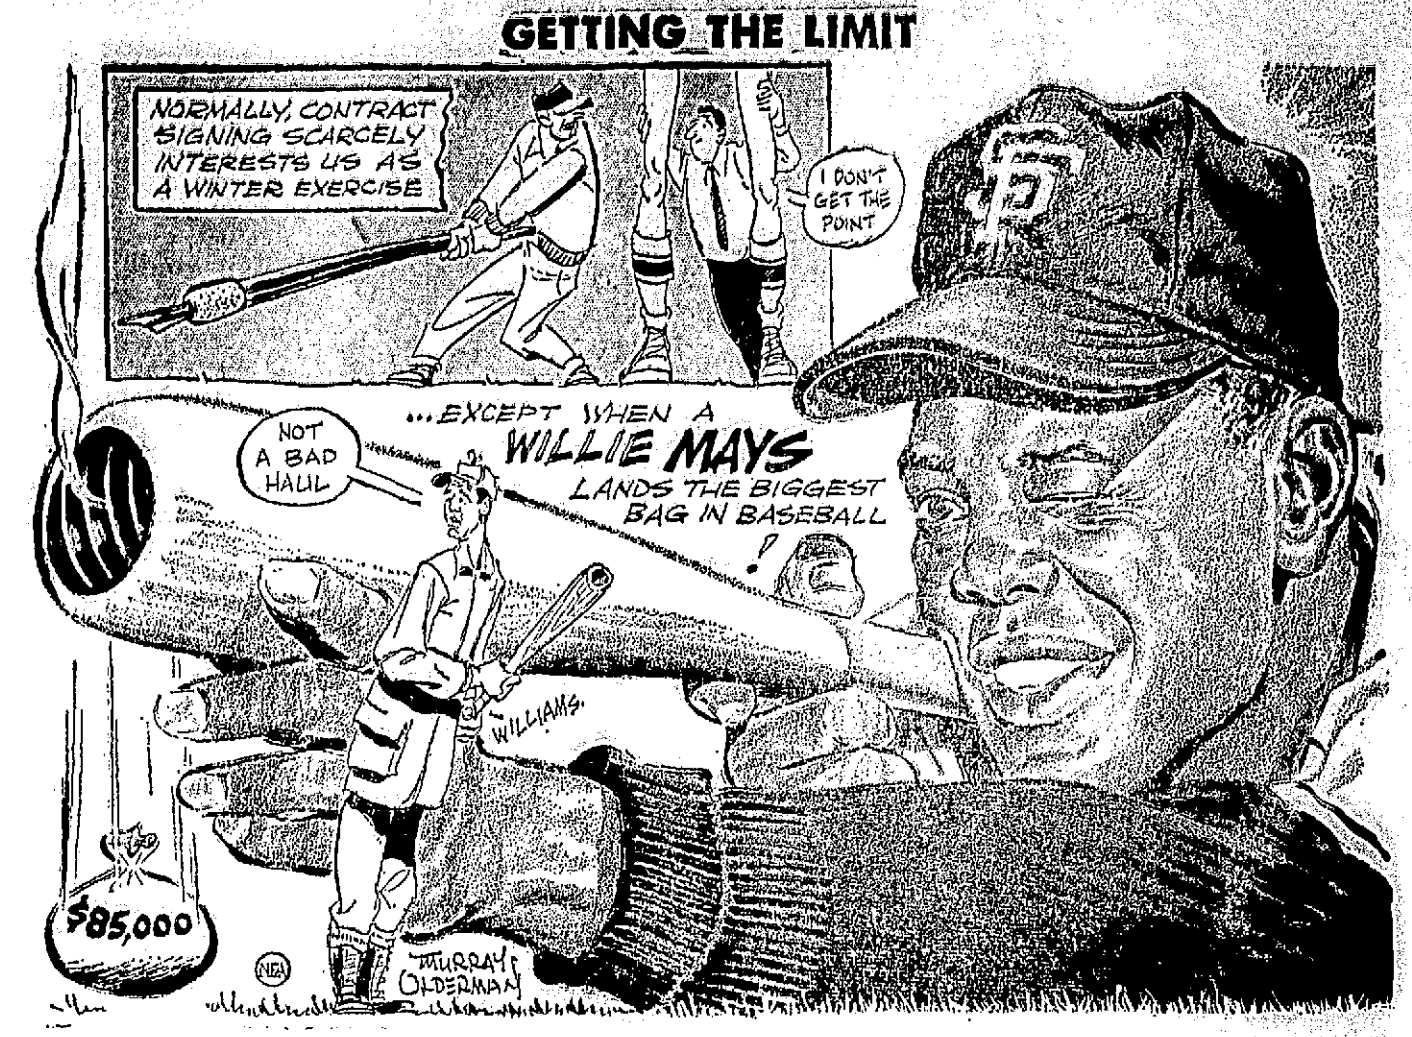

Ferrick, the Tigers' new pitching coach, is scouting the Detroit training camp for a tougher bullpen. There are a dozen candidates to back up the starting corps.

"We need a spot starter, a long relief man and a couple of short relievers—guys who can go in there and stop a team for an inning or two. We can't be a contender until we find them," said Ferrick.

# Gwaltney Resigns History Group

LITTLE ROCK (AP)—Francis I. Gwaltney, who has been acting executive director of the Arkansas History Commission since last July 1, resigned, effective March 15, to take a job at Conway.

Director Ted R. Worley, who spent several months in a hospital but has been back in the commission office since Nov. 1, is expected to formally resume his duties when Gwaltney's resignation becomes effective. Commission Chairman J. H. Atkinson said today.

# Bearcats Are Top Team in Last Cage Poll

By DON WEISS Associated Press Sports Writer

California and its redoubtable Bear-Hug defense opens a bid for another national basketball championship tonight as the NCAA tournament picks up with a six-game program.

The Bears of Pete Newell, back with a brilliant 24-1 record and a No. 2 national ranking, play Idaho State's Rocky Mountain Conference champs (21-4) in a first-round game in the NCAA's West regional at San Francisco.

Ohio U. faces Notre Dame and Western Kentucky clashes with Miami of Florida at Lexington, Ky., and New York U. faces Connecticut, West Virginia plays Navy, and Duke clashes with Princeton in a tripleheader in New York. Each of the six winners goes on to regional semifinals next Friday.

The first-round firing in the NCAA tournament began Monday night with Utah's Skyline Conference titlists whipping Southern California 80-73 in a West regional opener at Provo, Utah, and DePaul whipping Air Force 69-63 in a Midwest regional preliminary at Chicago.

A playoff game at Manhattan, Kan., Wednesday night between Big Eight co-champs Kansas and Kansas State, plus tonight's six first-round games, and the New Mexico State-Oregon game on Wednesday—completes the field of 16 for the four regional semifinals Friday and Saturday.

Those four survivors advance to the San Francisco Cow Palace for the national NCAA semifinals and finals March 18-19.

Here's the way the regionals will match up March 11:

Eastern at Charlotte, N.C. — Duke-Princeton winner vs. St. Joseph's (Pa.); West Virginia, Navy winner vs. NYU-Connecticut winner. (St. Joseph's drew first round bye).

Midwest at Manhattan, Kan. — Texas vs. Kansas-Kansas State; Notre Dame winner vs. Georgia Tech; Western Kentucky-Miami winner vs. Ohio State, (Georgia Tech, Ohio State first round byes).

Midwest at Manhattan, Kan. — Texas vs. Kansas-Kansas State; Notre Dame winner vs. Georgia Tech; Western Kentucky-Miami winner vs. Ohio State, (Georgia Tech, Ohio State first round byes).

Texas vs. Kansas-Kansas State; Notre Dame winner vs. Georgia Tech; Western Kentucky-Miami winner vs. Ohio State, (Georgia Tech, Ohio State first round byes).

# Negro Man Attacked by White Boys

By MAX B. SKELTON

HOUSTON, Tex. (AP)—Four masked white youths hung a Negro man from a tree by his heels Monday night and scratched two series of KKs into his chest and stomach after beating him with chains, the Negro told police.

Felton Turner, 27, said he freed himself from ropes around his ankles and wrists staggered to a nightwatchman's shack and telephoned police.

A doctor at Jefferson Davis Hospital said Turner was treated and released this morning.

The six Ks ranged from 1 1/2 inches to 3 inches in length and went from Turner's chest to his stomach, the doctor said. Rope marks were on the Negro's wrists and ankles.

Police said Turner told them he was walking near his home in a Negro residential area at 10:15 p.m. when two masked white youths leaped from a car and grabbed him. They carried him to a wooded area and beat him to the floor with chains.

They took him to a wooded area where he was tied and hung from the tree by his heels, he said. There they beat him with chains and rope, cut off his jacket and shirt and scratched the Ks on his stomach and chest with a knife.

As the white youths were leaving one of them told Turner that if he tried to escape one of them would kill him, the Negro said.

Turner worked the ropes off his feet and hands and made his way to a nearby nightwatchman's shack.

Police Lt. Breckenridge Porter said Turner's wounds could not have been self-inflicted.

Turner, unemployed, told police that a red-haired youth in the front of the car told him they were hired to do a job because of publicity Texas Southern University Negro students received over sit-ins at a lunch counter at Houston in the past few days.

A group of students from the all-Negro university staged their first sit-in Friday at a lunch counter in a supermarket. The sit-ins spread to a drug store Saturday and a third store Monday. All were peaceful.

Houston schools have 170,000 students. About 50,000 are Negroes.

An integration suit is pending before U.S. Dist. Judge Ben C. Sullivan but he has given no indication when he would hand down a decision.

The sit-ins were in stores near the university, on the opposite side of town, from where Turner was beaten.

Turner, who has a 3-month-old son, is not a student at the university.

A doctor at the hospital said Turner suffered one bad cut on his head and bruises and minor cuts on his chest.

Turner said he was in the hospital for three days and was discharged Monday.

# Youth Robs Bank at Valliant, Okla.

By VALLIANT, Okla. (AP)—A young bank robber was caught today in a town near Valliant, Okla., after he pushed his record to 19-7 by downing Louisville 68-60.

In the 32-team NAIA (small school) tournament at Kansas City, eight more games today hold holdup which occurred at complete first-round play. The 9:30 a.m. game at Valliant was in south-eastern Oklahoma.

Eight winners in Monday's play eastern Oklahoma were Whittier (Calif.), Villa Ma Bank (Mo.), and J. W. T. (Ky.). Savannah, Ga., New Texas made the estimate of the loss Mexico Highlands, Oklahoma Bap. but said it would not be known until William Jewell, Grambling, and Southwestern TAS State, played.

# Griffith Irked At Frank Lane

ORLANDO, Fla. (AP)—President Calvin Griffith of the Washington Senators is irked at Cleveland General Manager Frank Lane.

Lane recently predicted that Griffith would trade pitcher Pedro to the New York Yankees "for six Rames, a holdout until Monday, players who probably will be good enough for the Senators' Chattanooga farm club."

Said Griffith: "I'll deal with anybody who will help my ball club. As far as the Chattanooga crack by Lane is concerned, I'd like to remind that gentlemen that we're no longer affiliated with that club."

# Man Wanted Is Free on Bond

TRENTON, Tenn. (AP)—M.W. Nunn, 50, charged with a series of financial irregularities in Arkansas, was free today after posting \$18,500 in bond.

Nunn was arrested in nearby Milan, Tenn., last month on a Sheridan, Ark., warrant charging embezzlement. He was released in \$6,500 bond but was rearrested after new warrants were received from Fort Smith, Russellville and Little Rock.

Charges against him included selling stock that never was issued and writing a \$2,000 rubber check. Chief deputy Sheriff R. H. Pillow said Nunn also faces a Tennessee charge filed in Milan involving "fraudulent issue." Pillow said he knew no other details.

Nunn, former president of a Little Rock investment company, will be given a preliminary hearing on the Tennessee charge Thursday.

# Mantle-Yank Breach Seems to Be Wider

By MIKE RATHET Associated Press Sports Writer

You'd think between them the wealthy New York Yankees and bowling impresario Mickey Mantle could spare \$1.71 for a phone call that might lead them to strike a compromise over the slugging outfielder's salary demands.

The breach between the two parties, however, seems to be getting progressively wider with no immediate hope of either putting through the call between Mantle's Joplin, Mo., home and the Yankees' St. Petersburg, Fla., spring training camp.

Mantle, continuing firm in his holdout siege, threw the most recent barb in the dispute Monday. "I honestly don't believe I'll be getting to St. Petersburg this year," he said.

George Weiss, general manager of the New York club, said with finality last week the club was through trying to negotiate with Mantle, who slumped to a .283 batting average last year and drove in only 75 runs as the Yankees fell to third place.

# First NCAA Game Pairs California and Idaho

By MURRAY ROSE Associated Press Sports Writer

Cincinnati's Bearcats, who took the lead in the first weekly balloting last December and held it all the way, today were named No. 1 in The Associated Press' final college basketball poll of the 1959-60 season.

The Bearcats, chosen the nation's top team for the first time since the AP poll began in 1949, rode All-American Oscar Robertson's brilliant play to a 25-1 regular season record, including Monday night's 80-68 victory over Xavier of Ohio.

Cincinnati's only loss was by a point, 91-90 at Bradley Jan. 16. Robertson & Co. wound up regular season play with 12 straight victories as they swept to a third straight Missouri Valley Conference championship and another berth in the NCAA tournament.

Cincinnati collected 92 first-place votes from the 194 sports-writers and sportscasters participating in the final poll. In points, figured on 10 for first, 9 for second, 8 for third, etc. basis, it was 1,832 for Cincinnati to 1,716 for

Yanks and Mantle amounts to quite a bit. Mantle has said he is willing to take a cut, but nothing near the reported \$15,000 slice the Yanks want to take out of his estimated 1959 salary of \$75,000.

A trade rumor also began at the Yankee camp when Detroit General Manager Rick Ferrell came in. The proposed deal would send a pitcher, probably Paul Foytack, to New York for infielder Gil McDougald and a first baseman, either Kent Hadley or Frank Leja.

Right-handed relief specialist George Zuverink, who has kicked around the majors for a number of years, is getting a trial with the San Francisco Giants, who were weak in the bullpen last season.

The St. Louis Cardinals were impressed by two of their newly acquired hands Monday. Shortstop Daryl Spencer, obtained from San Francisco, collected four singles and drove in four runs in an intrasquad game. Righty Ron Thomas, who pitched in 1959, followed with a two-inning hitless performance Saturday with two more perfect frames.

**If you're going to buy a low price car...be sure you get the better one!**

Many people figure that since the car they are considering has historically had a "low-price" name it must be, in fact, a low-price car.

This, at one time, was true. But today the names of cars, as you may know, have very little to do with their prices. Many cars with traditional low-price names cost more than Mercury—a name you have always associated with higher price cars. Our point is this:

**A Mercury Monterey, with deluxe appointments, is now priced \$31 to \$66 less\* than any of the best selling Fords, Chevrolets, and Plymouths (the V-8 powered Galaxies, Impalas, and Furs). Yet Mercury offers you far more of everything you want in a car.**

\*Based on comparison of manufacturers' suggested 1960 retail base prices for lowest-priced V-8 powered models.

**MERCURY ADDS UP TO A BETTER LOW-PRICE CAR**—Mercury has a 7 to 8 inch longer wheelbase than Galaxy, Impala, and Fury + 289 to 494 pounds more weight + up to 23% more insulation + more spacious passenger compartment + self-adjusting brakes + up to 28% more visibility + more luxurious interior + finer quality (every Mercury is road-tested before it is shipped, not just spot-checked as all other low-price cars) = Smoother ride, extra satisfaction.

**MERCURY—the better low price car**
